

a2 9. (ONCE AMENDED) A fuel cell system as set forth in claim 8, wherein said elements are each disc-shaped, said surfaces are essentially planar, and said moveable element is rotatable about an axis which is essentially perpendicular to the plane of said surfaces.

a3 11. (ONCE AMENDED) A fuel cell system as set forth in claim 10, wherein said elements are each disc-shaped, said surfaces are essentially planar, and said moveable element is rotatable about an axis which is essentially perpendicular to the plane of said surfaces.

a4 15. (ONCE AMENDED) A fuel cell system as set forth in claim 14, wherein said elements are each disc-shaped, said surfaces are essentially planar, and said moveable element is rotatable about an axis which is essentially perpendicular to the plane of said surfaces.

a5 19. (ONCE AMENDED) A fuel cell system as set forth in claim 18, wherein said elements are each disc-shaped, said surfaces are essentially planar, and said moveable element is rotatable about an axis which is essentially perpendicular to the plane of said surfaces.

a6 20. (ONCE AMENDED) A fuel cell system as set forth in claim 19, wherein second ends of ports that are connected to fuel side product outlets and said one fuel side product collection conduit are arranged in a first circle that is essentially concentric with said axis and has a first diameter, and second ends of ports that are connected to oxidant side product outlets and said oxidant side product collection conduit are arranged in a second circle that is essentially concentric with said axis and has a second diameter that is different than said first diameter.

#### REMARKS

Claims 1 through 20 remain in this application. Claims 6 through 11, 14, 15, and 18 through 20 have been objected to solely on the basis that the same are dependent from a rejected base claim; however, the subject matter thereof has been deemed free of the art. Claims 7, 9, 11, 15, 19 and 20 have been rejected under 35 U.S.C. § 112, second paragraph as being indefinite. And claims 1 through 5, 12, 13, 16 and 17 have been rejected under 35 U.S.C. § 102(e) as being anticipated by
